MONTANA KAIMIN

STATE UNIVERSITY OF MONTANA, MISSOULA, MONTANA

FRIDAY, APRIL 23, 1926

VOLUME XXV. NUMBER 48.

CO-EDS REVIEW AWS PROBLEMS

Women Receive Reorganization Suggestions at Fifth Biennial Conference

"Suggestions of value in reorganizing AWS for next year and solutions for present problems were reviewed at the conference in Los Angeles," said Marcia Patterson, senior delegate to the Fifth Biennial Intercollegiate Conference of Associated Women Students April 14, 15, 16 and 17. Helen Chaffin, president-elect, was junior representative.

The University of Colorado led in the first discussion on "Adjusting Freshmen to Your Campus." This included such topics as the Big Sister movement, the Women's Athletic association, YWCA, and sophomore antagonism. "Practical Application of the Honor Spirit" was discussed and on by all the delegates. The University of California has a students' affairs committee which acts on cases of theft, cheating in examinations, breaking rules and in the instance of leaving the library without registering a book, library privileges are revoked.

Reads Paper on Problems
Pauline Wren of the University of Nevada read a paper on the "Problems of Organizations." At many colleges reports are required at specified times and the value of the organization on the campus is measured accordingly.

During the discussion on the "Finance of AWS" Montana reported the success of her methods in contrast to some of the money-raising schemes which have been worrying other schools.

At a conjoint session with the deans' conference which was held at the same time, Dean Katherine Rogers Adams of Mills college read a paper on the "Academic Recognition of Extra Curricular Activities," followed by a speech from Helen R. Jackson of the University of California, Southern Branch, laying stress on the student attitude toward the subject.

Resolutions Offered
The resolutions of the conference were to go on record as favoring World Peace and creating more interest in international affairs among students; to favor vocational guidance; to strive to promote health regulations among women; to request representation on the executive board of the Associated Students, and consideration in the budget of the Associated Students.

Invitations for the next conference were extended by the University of Idaho, Stanford university and the University of Washington. The latter was accepted for the 1928 session.

PHI BETA INITIATES

Phi Beta announces the initiation of Mary Brennan, Savage; LaVerne Crocker, Wolf Point; Elizabeth Daughters, Bozeman; Vernadeth Kiehl, Butte; Louise Nicky, Jordan; Nona Worthington, Glendive; Wiletha Brien, Missoula, and Roxie Copenhaver, Carrington, North Dakota.

FRESHMEN TO MEET LOYOLA AND MISSOULA

Captain Harry Adams' freshmen track team will clash Saturday afternoon on Dornblaser field with Missoula county high and Loyola high as their opponents. Missoula has entered and Loyola, while uncertain now, is likely to compete.

The triangular meet will give Adams an insight into the strength of his squad and will also give the high school boys a chance to race on the cinder track on which they will run in the interscholastic track and field meet next month.

Missoula is reported to have one or two brilliant track performers, and Loyola has a fairly strong team. Both schools have been practicing for the last two weeks and are in good condition.

More than 30 yearlings have reported for track and are working out daily under the supervision of Coaches Stewart and Adams. While the squad contains no men of exceptional ability it contains several point winners from last year's state meet, in addition to a number of high school cinder artists who did not compete here last spring.

Sedman's Play Will Inaugurate Annual Department Award

With the production of "The Vigil," by Mary Elizabeth Sedman, the University dramatic department hopes to inaugurate the annual presentation of a play by a student. Miss Sedman's play was awarded the prize of \$10 and production offered by the University Players last quarter for the best original one-act play written by a student.

The play, which will be offered as one of the three short skits to be given by the Masquers this quarter, deals with early Montana history. Part of the plot concerns the famous bandit, Plummer, who terrorized Montana for so many years. The theme of the play centers on the part the women played in settling the country. The show is full of tense human interest and fine understanding.

Fellowship Club to Give Play

Tuesday night a meeting of the Students' Fellowship group was held at the home of Mr. Young. It was decided that the group should give a play, entitled "One Father of All." As yet the parts have not been assigned.

CLAPP EXPLAINS FRESHMAN WEEK

Officials Satisfied that Plan Will Meet With Faculty Approval

Dr. C. H. Clapp, Dr. R. H. Jesse and Burley Miller attended the Interfraternity council meeting held at the Phi Sigma Kappa house Wednesday night, April 21, at which tentative plans of Freshman week, which is hoped will be adopted next fall, were outlined by President Clapp.

Under the new system, all freshmen would have a week before classes take up in which to register and acquaint themselves with the University and let the University get acquainted with them. Freshmen will register on Monday and Tuesday, September 20 and 21, and will spend the remainder of the week taking physical examinations, placement tests and attending special lectures. Upperclassmen will register on Thursday and Friday, September 24 and 25.

Has Not Been Sanctioned

"The system has not received the sanction of the faculty as yet," said Dr. Clapp, "but will no doubt be adopted, since it is at least worth a trial. By starting school at this early date, students will be allowed a full two weeks' vacation at Christmas."

On Dr. Jesse's suggestion, it was voted to hold formal pledging on Saturday night next fall instead of Sunday night, to allow the dormitory to place its men before classes the following Monday.

Committee Appointed
President Reeder appointed Phil Ring (chairman), Clarence Coyle and Walter Sanford as a committee to work in co-operation with the faculty in formulating a program for rushing next fall.

A short discussion was held on proctored examinations. Burley Miller was of the opinion that a real student self-government system for examinations might be established before the end of this quarter.

Paul DeVore was elected secretary and treasurer of the council to fill the vacancy left by Carl Wood, who withdrew from school this quarter.

ENTRIES PLAY FIRST ROUNDS IN TOURNEY

More than 68 men have entered the horseshoe pitching tournament, a number of whom have already played off the opening round. Entries who have not taken part in their first game should do so at once, as the preliminaries must be completed by Monday, April 26.

With a number of good men competing in the tourney, high class matches are promised as the winners are narrowed down. Among the winners of the first round of the tourney are Marble, W. Nelson, P. Henry, Hygham, Eastlick, Spencer, Gaughan, and D. Shults.

A record is kept of the number of ringers which the men make. Those with the highest number of four tallies for the first game are D. Shults, 11, Eastlick 5, and Gaughan 5.

HONOR EXAMINATIONS TO BE GIVEN IN MAY

Candidates Must Have Average of Two Grade Points for Each Credit

Seniors who are desirous of becoming candidates for honors must make application to the heads of their major departments for the required examinations so that these examinations may be taken before May 15.

To be eligible to take senior examinations for honors, a student must at the beginning of his last quarter have an average of two grade points for every credit for which a grade has been earned. If these examinations are passed with a grade of "A" or "B," he shall be awarded honors.

Questions Unlimited
The work covered by the examinations include the total major requirements and such additional subjects as the major department or school may determine. The questions asked are not limited to the courses taken. These examinations are written examinations of at least three hours and further oral or written examinations may be given.

CLARK REPORTS ON SUCCESS OF FOREST WEEK TRIP

Professor Fay Clark, while participating in American Forest Week, visited 10 towns in the Flathead reservation and assisted in school programs, speaking to 1500 school children and more than 300 adults. Included in the towns visited were St. Ignace, Roman, Polson, Charlo and Dixon.

"There is a remarkable improvement in the knowledge which children have about trees, and the care of fire in the woods since the inception of American Forest Week five years ago," Mr. Clark said. "There is also an increasing demand from teachers for instructive pamphlets on the kinds and characteristics of trees and shrubs which grow in Montana."

Percy Frazier, Boy Scout executive, and P. J. O'Brien accompanied Mr. Clark to the reservation. Tom Swearingin, maintenance engineer, has had charge of Prof. I. W. Cook's class in logging engineering, while Mr. Cook has been participating in the week's activities in the Bitter Root valley.

MONTANA DEBATERS ELECT NEW OFFICERS

The regular annual meeting of the Montana Debate Union was held in the library building Wednesday afternoon, and new officers were elected to serve during the coming year. They were: President, Herbert W. Haugland; manager, Carl McFarland; secretary, Elsie Blair.

Plans were made to forward a petition to Delta Sigma Rho, national forensic fraternity, in an attempt to secure a charter to establish a chapter of the fraternity on the Montana campus.

To Give Silver M's
The subject of the awarding of debate medals, in the form of M's for participation in debate during the past year was discussed. It was decided to give silver M's to the freshman debaters instead of gold M's, such as the upperclassmen receive.

Fourteen new members were voted upon and taken into the debate union. They were: Harry Sager, Alois Hinsel, E. Ivan Caraway, Henry W. Hough, Bruce Hall, Walter E. Mondale, Ernest P. Lake, Olivia M. O'Leary, Elizabeth Maury, Clare Flynn, Pauline Astle, Elsie Blair, Dorothy Quigley and Edward W. Pool.

ALPHA TAU OMEGA GIVES ANNUAL INSTALLATION HOP

Members of the Alpha Tau Omega fraternity gave their fourth annual formal installation dinner dance last Friday in honor of the anniversary of the installing of the national chapter.

Thirty couples were present at the banquet, which was given at the Florence hotel at 6:30, lasting until nine. After the dinner members and guests attended the Winter Garden, where dancing lasted until midnight.

The guests of the chapter were N. B. Beck and Mr. and Mrs. W. H. Harper.

LAWYERS PRACTICE IN MISSOULA COURT

Practice court was held at the Missoula county courthouse last night at 7:30 under the direction of Walter L. Pope, law school professor. The meeting was held to permit the students to examine the books in the clerk's office. This is an annual procedure for the practice court class and it enables the members to become familiar with the books and files.

These court practices are held about every two weeks, generally in the law school courtroom, and fake trials are usually conducted, with Professor Pope presiding on the bench. The class in practice court is composed of seniors in the law school.

EASTERN MONTANA ELIGIBLE FOR CMTC

Fort Missoula Training Camp to Be Opened for First Time to Youth of State

Youths of eastern Montana will be eligible to attend the Citizens' Military Training Camp at Fort Missoula, June 12 to July 11, according to word received by Fort Missoula officials yesterday, from headquarters of the Ninth Corps area at San Francisco. Before, only western and central Montana was to be drawn from, but now the whole state is included.

The Fort Missoula camp is open to young men residing in Montana who wish to take a month of military training under strictly government officials. They must be physically fit and between the ages of 17 and 31. All expenses to and from camp, and while in camp are paid by the government. Four courses are offered: the basic, red, white, and blue in infantry, cavalry, field artillery and coast artillery. Engineering and signaling courses are to be discontinued. Regular army officers act as instructors, covering instruction in all phases of military training. Athletics are a feature of the camp, with competition in various sports.

Camps Offer Much

The purpose of the camp is well illustrated in the following excerpt from a C.M.T.C. pamphlet: "The objects of these camps are to bring together young men of high type from all sections of the country and thereby develop closer national and social unity; to teach the privileges, duties, and responsibilities of American citizenship; to stimulate patriotism; to interest young men in the importance of military training; to teach self-discipline and obedience; and to develop the physical standard of American youth through participation in military exercises, athletic games and sports, conducted under expert directors."

Tents to House Students

Funds for the erection of the tent camp to house the students have been received. Construction of 56 tents with wooden floors is to start soon. An electric lighting system will be installed also. Three 100-man mess halls and kitchens will be built, running water piped to the camp, shower baths installed, and sewer connections made at the same time.

Officers of the fort are making trips over the state to recruit men for the camp. The quota has been placed at 280, and from all indications Fort officers are inclined to believe that this will be filled within a short time. If indications show that more can be obtained, the quota will no doubt be raised.

PSYCH PROFESSORS CALL IN STUDENTS FOR RATING TESTS

"We are conducting a series of tests in personality ratings, with special reference to vocational fitness," said F. O. Smith, professor of psychology, yesterday afternoon. "The results will be valuable not only to the student, but to employers."

Students outside of the department have also been called on and a complete chart is being worked out for each individual. The test is intended to show the "relative excellence of various traits based on the common standard."

All freshmen have been given these examinations for two years as an aid in the selection of their future courses.

SIGMA NU INITIATES FOUR

Sigma Nu announces the initiation of the following men: Tom Angland, Great Falls; Al Hinsel, Baker; George Huber, Helena; William White, Wibaux.

WORK ON MAY FETE BEGINS UNDER PRICE

Various New Features to Mark "Ye Old English Fete" On Field

"Ye Olde English Maye Fete," whose theme has been taken from a combination of two manuscripts written by Maureen Desmond and Ann Ross, and Margaret Sparr, has been selected as the name for this year's annual May Fete. Work has already commenced under the direction of Gladys Price, manager, who is assisted by Mary Laux, assistant professor of physical education. It is planned to hold the fete May 22.

"May Fete will be held on Dornblaser field this year, and will be preceded by a University band concert from 7 to 7:30," stated Miss Price. "It is necessary to make money this year, as the financial returns will be given toward the girls' athletic field, so an admission fee will be charged. Unique plans for advertising are under way."

Cast of 140

This May Fete will have a cast of 140 girls and is different in plot from any ever held at the University, with the exception that it will still keep the tradition of the May Pole dance. Women in the dances will be selected this year from the dancing classes in the physical education department, instead of trying out and signing up women for dances, as has been done in previous years. Dorothea Kiff, Maureen Desmond, Gladys Price, Nan Walsh, Mary Jo Dixon and other women from the dancing classes who will be announced later, will have charge of the dances. It is planned to keep the general plot as a surprise, but the strong artistic element, supplemented by the comic element and features in solo dancing, combine to make it an entertaining May Fete, according to Miss Price. Costumes will all adhere to the period. Amplifiers will be used for the music, so it will be heard plainly by the audience.

Committees Appointed

Members and committees in charge of arrangements are: Field, Anna-belle Desmond; business managers, Marcia Patterson and Burt Smith; costumes, Mary Kirkwood; programs, Eloise Walker; music, Jean Cowan; tickets and seating, Bear Paws and Tanans. Seven manuscripts were submitted this year.

SOPH ORGANIZATIONS PLAN ANNUAL DANCE

Members of Bear Paw appointed a general dance committee to arrange for the Bear Paw-Tanana dance, to be given at the Winter Garden April 30, at a meeting of the men's honorary sophomore organization in Main hall Wednesday evening. Track meet plans were also discussed.

Those on Bear Paw dance committee are: Homer Anderson, chairman; Clark MacLennan and Jimmy Morrow. The affair is held annually, as an informal University dance given by the two sophomore honorary organizations. Sheridan's orchestra will furnish the music. Tickets, which will probably go on sale Tuesday, are \$1 each. A special advertising feature has been scheduled for the same time.

Track Meet Plans Made

The matter of transportation during track meet is one of the main problems the organizations must face. Bear Paws are at work trying to learn where to secure cars. The Bear Paws are attempting to perfect the plan of last year in meeting the contestants at the depot, escorting them to a special committee inside the station to be assigned to different cars, and taking them to their various destinations. Plans for seating the spectators at the meet were also discussed at the meeting Wednesday.

There will be another meeting of Bear Paw in Main hall next Wednesday evening at 8 o'clock, when Dean T. C. Spaulding of the Forestry school, who is head of the transportation committee, will discuss the duties and plans with the men.

PHI SIGMA HOLDS MEETING

Phi Sigma, national biological fraternity, held a business meeting in the Natural Science auditorium last night. Officers for the coming year were elected. They are: Herbert Larsen, president; Alban Roemer, vice-president; Fay Fouts, secretary and Don Shaw, treasurer.

Masquers Will Give Learned Ladies for Track Meet Guests

"Learned Ladies," the three-act play by Moliere, which was presented in the University auditorium last quarter in modern costume, will be given again during trackmeet, on Friday, May 14. It will be staged in the high school auditorium. The play when presented last quarter aroused much favorable comment among those who witnessed it and as an innovation in college dramatics was a distinct success. It is owing to the original nature of the presentation that the play will be repeated during the time Missoula is filled with out-of-town people.

Three of the leading roles of the play must be filled again, as the students who formerly played the parts have left school. They are the parts of Trissotin, the poet; Clitandre, the young lover and Philaminte, the positive wife of Chrysale. This will afford another opportunity for those who have been unable to attend the tryouts for the major production to win a part in a play. Carl Glick will meet those wishing to try out for the parts in Main hall auditorium tonight at 7:15.

MONTANA RIGHT SAYS PRESIDENT

California Prexy Admits that University Has Priority Claim to Name

"I will admit Montana is right in her claim and the dean of men is of the same opinion, but the students are sold on the name 'Grazzly' and their feeling about the matter would be difficult to overcome at this time," said Fred Houser, president of the Associated Students of the University of California, Southern Branch, in an interview with Marcia Patterson, delegate to the AWS conference at Los Angeles. "However, when we move to our new site on Beverly Hills in two years an attempt will be made to change the name of the school and there is a possibility of doing the same with the athletic title."

Southern Branch was formerly the Los Angeles State Normal college, whose athletic teams were designated as "Cubs." Ridicule became so strong from the Berkeley "Golden Bears" that they set out for a stronger insignia. At this time, Les Cummins was student body president and was fully aware of Montana's priority, but they were not far-sighted enough to realize that both colleges might become members of the Pacific Coast conference.

Students Unaware

The case has been given practically no publicity in the daily campus sheet, so the majority of students are unaware of the controversy, according to Miss Patterson.

Houser stated in conclusion: "I cannot see what is to be done right now, but whatever action is taken, I hope it will not interfere with the friendly relations of the two institutions."

HOMER ANDERSON TALKS AT MEETING OF TANANS

Homer Anderson, representing the Bear Paws, talked to members of Tanans on the plans for the Bear Paw-Tanana dance, which is to be given at the Winter Garden April 30, at a meeting of Tanans in North hall yesterday afternoon. He also explained certain track meet plans concerning which the two sophomore organizations must co-operate.

Kathleen Hainline was appointed chairman of the program committee for the dance.

LATIN STUDENTS MEET AT COMMUNITY CHURCH

Members of the Latin club held their first meeting of the year at the Community church last evening.

The program, under the direction of Mrs. Eva MacKenzie, included a talk by Professor W. P. Clark on the transition from classical meters to modern poetic forms and several selections in Latin were given by a choir led by Gladys Martz. Latin hymns were read and translated by students of the Latin department.

Following the program refreshments were served for more than thirty members and guests who were present.

STUDENTS FILE FOR ASUM JOBS

Ten Candidates in Field for Annual Spring Elections

Russell Sweet and Burt Smith have filed petitions of candidacy for president of the ASUM; Eloise Walker has filed for vice-president; Mike Thomas for business manager; Florence Huffman for store-board trustee; Eddie Reeder, Andrew Cogswell, and Bob Worden have filed for Kaimin editor; Pauline Swartz for secretary, and Spot Sanford for Yell King.

Tuesday night Central board met and appointed Edward Simoni, Stella Skulason and Paul DeVore to act as an election committee.

Petitions may be filed until the end of the week. According to President Dahlberg, little interest has been shown as yet in this year's election. Petitions have come in very slowly, and few candidates have filed.

PHI BETA KAPPAS AND KAPPA TAU PLEDGES HONORED

Kappa Tau, local honorary scholarship fraternity, held initiation ceremonies for ten candidates in Main hall auditorium Tuesday afternoon.

The pledges initiated are: Chester Lawson and Jack Dimond, Havre; Robert Rea, Sidney; Harold Blinn, Dillon; Ernest Erkkila, Red Lodge; Isabel Lentz and Bernice Evans, Missoula; Elsie Emenger, Butte; Otho McLean, Lewistown, and Grace Eldering, Hysham.

In the evening a bridge party was held at the Kappa Alpha Theta house in honor of Phi Beta Kappa members, Kappa Tau alumni and the new initiates. Refreshments were served following a short musical program by Greta Shriver, vocal; Mary Shoppe, violin, and Jean Cowan, piano.

ALUMNUS QUARTERLY TO BE EDITED SOON

Final proofs of the April edition of the Montana Alumnus will be off the press within the next few days. It will contain besides the customary alumni notes and campus news a story on summer school.

The Montana Alumnus is a quarterly publication of the Alumni association and is sent to all members free of charge. The dues of the association are \$1.50 a year.

Kappa Alpha Theta Initiates

Kappa Alpha Theta announces the initiation of Ruth Mondale, Lewistown; Beryl Bishop, Livingston; Harriett Johnston, Lillian Mains, Billings; Georgia Kelly, Marcia Brown, Alice Lease, Great Falls; Frances Nash, Elizabeth Maury, Lydia Maury, Butte; Catherine White, Gertrude White, Long Beach, Calif.; Marie Reed, Kalispell; Lois Spencer, Omaha, Neb.; Louise Heyfron and Golda Phelps, Missoula.

WALT NELSON HEADS JUNIOR PROM DANCE

Walt Nelson of Anaconda was appointed general chairman of the Junior Prom by Norvald Ulvestad, president, at a class meeting held Thursday afternoon in the Natural Science auditorium.

A committee of Janet Vivian, chairman; Phil Ring, Helen Chaffin, Maureen Desmond and Carl Glick will select three senior women for Prom Queen, and the names will be submitted to the junior class, who will vote on them. The selection will be kept secret until the night of the Prom, when the queen will be crowned.

Committees Named

Other appointments are: Decorations, E. Siderfin; punch, M. Torrence; programs and invitations, Tom Higgins; favors, D. Morrow; music, H. Bailey; chaperones, S. Larsen; tickets, V. Hollingsworth; crowning of queen, Nan Walsh; advertising and publicity, Bill Garver; reception, N. Ulvestad.

There will be a meeting of the above chairmen of committees at the South hall office Thursday, April 29, according to President Ulvestad. Chairmen are requested to send a representative from their committee if unable to attend. Tickets for the Prom will be \$2.00.

The Montana Kaimin

Published semi-weekly by the Associated Students of the University of Montana.

Entered as second-class matter at Missoula, Montana, under act of Congress of March 3, 1879.

A Stitch in Time

UP to a late hour yesterday but ten students had filed for the seven ASUM offices which are to be filled by the coming Spring election. While two candidates have thrown in their hats for the presidency and three for the editorship of the *Kaimin*, five offices with but a single entry apiece are going uncontested.

When the ASUM constitution was revised and drawn up last fall the Central Board decided to move the annual elections up two weeks, giving the incoming officers time to acquaint themselves with the duties of their offices before the start of the summer vacation in June. Under the present provision the new incumbents will have a month and a half to work out a definite policy for next year, during which time they will be actively in contact with the problems connected with administrative procedure.

After a three weeks' editorial campaign last year in which the support and sympathy of Greek letter organizations on the campus was solicited, the election was almost entirely devoid of the political bickering and vote trading characteristic of past ASUM elections. As a safeguard against the recurrence of any fraternal alliances or combinations the *Kaimin* is ready to take a positive stand against any candidate guilty of "swapping votes."

A Chance to Get Acquainted

IF the plans outlined by President Clapp and Dr. Jesse before a recent meeting of the Interfraternity council are approved by members of the faculty it is probable that freshmen will be required to register a week before school starts next fall. The new plan, which is known as "Freshman Week," will last from September 21 to 28, allowing the incoming students opportunity to become acquainted with the first responsibilities of college life. Should the system be adopted a full two weeks' vacation will be allowed at Christmas time.

While a trial will be necessary to assure the practicability of the plan, the general merit of the suggestion can hardly be questioned. Not only will the confusion usually attendant upon registration be eliminated, but the lectures, examinations and tests planned for the new students should be a material aid in systematically marking out their courses.

College newspapers and publications of every type seem to be suffering from a spasmodic attack of suppression. The latest victim of the disease is the *Gonzaga Bulletin*, published semi-monthly by the students of Gonzaga University, which was simultaneously hushed up and spirited out of the mails for condemning compulsory chapel as odious. Officials of the college said "tut, tut," breathed a reverent amen, and proceeded to demonstrate the practical efficiency of compulsion. Once more the astute and nimble figure of standardization had succeeded in stalking triumphant over the prostrate form of free thought and free speech. In so many words the editor of the paper had the audacity to make the startling and demoralizing comment that affection and compulsion have nothing in common.

At last American colleges are waking up to the fact that students have no biological relation to sausages and therefore should not be turned out with the speed and exactitude of the link variety of pork. Taking up the cry for less standardization a recent issue of *Judge* applauds the determination of Harvard students to sub-divide the University into colleges after the Oxford plan of organization and points with glee to the fact that similar activity in other student bodies indicates that the much lamented younger generation is still capable of constructive thought. "One thousand students," remarks the author of the article, "are not a college, they are a mob. With units like this to deal with, little wonder that our colleges have become factories, turning out graduates like Fords. There is no other way to handle a mob than by suppressing the individual."

"If Harvard were divided into colleges numbering about 300 students apiece, individuality would get a chance to assert itself once more. Instruction would become personal, and intramural sports the main athletic activity. All without loss of the advantages of the larger center."

"But why don't suggestions as good as this come from faculties? Of late, at least, all the new ideas, all the suggested solutions, all the ferment of rebellion against goose-stepping conventions and sacred cows, affecting academic life in the country, have come from the students. Why worry about a younger generation that shows more intellectual and moral vitality than the whole procession of dodos that has preceded it since the Civil war?"

he would ask her to wed at their next meeting. As she had guessed, Jock came with the intention of asking her to be his wife. He had just played around to where he thought he could easily approach the subject of marriage when Jessie made a hasty remark and the whole affair was off. The author leads you along to the climax in a highly interesting fashion. "The Sinning of Jessie MacLean"—Jessie MacLean, a girl of 20 years, was the favorite of town until she had the audacity to fall in love with an unknown lad from another town. Almost over night she became the most unpopular young lady in Drumorty, and the attitude of her neighbors, as pictured by Lorna Moon, gives the reader a series of boisterous laughs.

"Wantin' a Hand"—Jean Schlessor, the lady in the story, is a new character and plays the leading role in an entirely different sort of tale. In this sketch, which is a story of lost hopes, the author tries her hand at pathos and fairly well succeeds.

"Tattie Doolie"—Tattie Doolie was the nickname of a tailor in Drumorty and the courtnee was Jean MacFarlane, and similar in form to the last story, "Wantin' a Hand," the woman in the case has a wooden leg. This story apparently is written as a balance for the tragedy in the last one, since it turns out that the man falls in love with the cripple instead of breaking her heart as he did in "Wantin' a Hand."

"The Courtin' of Sally Ann"—This is the crowning story of the book and by far the most enjoyable of all. It brings out the contrast between Scottish life and the present American habits of abode, and the simplicity of a Scottish love affair as compared with the less formal American courting of today.

Quinn Blackburn, '24, a former track man, is employed as a timber cruiser at Seattle, Washington.

WHEN style is combined with quality and long life, as it is in a Stetson, there can be no question as to the hat you should wear.

Muscle Bound

He who sleeps feels not the toothache.—Shakespeare.

A large majority of co-eds aren't so dumb as they look; they couldn't be.

For instance, we heard this today: "Oh, what a cute tie; I wish I had a dress made out of that."

Which prompts us to remark that there's more an artist these days who is forced to draw only on his imagination.

O, MILE, what XTC
I always feel when UIC;
I used to rave of LN's eyes,
4 LC I gave countless sights.

4 KT 2 and LNR
I was a keen competitor;
But each's now a non-NTT
4 U XL them all UC.

Free Facts for Frosh

The sword may not be mightier than the pen, but it doesn't need an eraser.

Took my girl out to dinner.
Satiated her?
Boy, I'll satiate.

Yes,
She has lots of black marks,
But she's fundamentally white.
I know she's slipping,
Without much resistance,
And she's a mighty
Fast worker,
But I love her just the same.
She's some slide rule.

Frosh: Am I the first girl you ever kissed?
Senior: Lord, but I must be getting poor at it.

This week's dumb sister claims to have pulled down the curtain while in Glacier park last summer because she saw a mountain peak.

Prof: Will you wake up that bird next to you?
Student: Do it yourself. You put him to sleep.

Here is the statue of Henry McSaint; in English he casually answered "I ain't."

KESTER NAMES CHAIRMEN

Billie Kester, president of North hall, called a special house meeting Wednesday night for the purpose of re-voting as to whether the dance to be given May 1 would be formal or informal. It was voted informal for both men and women.

Chairmen for the dance committees were appointed as follows: Decoration, Lydia Maury; programs, Frances Elge; punch, Elenore Ayers.

Inez Hannes, Florence Barker, Jessie Partridge and Emily Thraikill were dinner guests at North hall Tuesday night.

Montana Fight

December 29, 1923

Stillness settled over the filled seats of a great auditorium as the white glare of candlepower outlined the screen before them.

It was the annual meeting of the American Association for the Advancement of Science and the members had gathered from all corners of the continent.

Then the whir of a motion picture machine broke the hush that gripped the motionless assemblage.

Across the white square shot a tiny object that smashed against a fellow creature only to swing off at a dizzy tangent.

Science had brought to the human eye something that had existed only in the imagination before.

These men were watching for the first time the flight of an atom and it was due to the brain of a man who once guided those who worked on the scarred tables of Old Science hall.

William D. Harkins.

Fight Montana

Mary Angland and Vernadel Kieth were dinner guests of Mary Brennan and Elizabeth Daughters Wednesday at Craig hall.

David D. Richards, '12, is now assistant director of WLS, broadcasting station for the Sears Roebuck Agricultural Foundation at Chicago.

Do You Know

THAT

Edwin Boone Craighead was the third president of the University of Montana. He was born at Ham's Prairie, Missouri, March 3, 1861. After graduating at Central college, Missouri, he continued his studies at Vanderbilt university during 1884-85 and spent two years at the Universities of Paris and Leipzig. Returning to this country in 1888, he was appointed professor of Latin at Emory and Henry college at Virginia, and in 1890 he became professor of French and Greek at Wofford college, South Carolina. In 1893 he accepted the presidency of Clemson Agricultural college; two years later he returned to Missouri as president of Central college at Fayette, and later as president of the Missouri State Normal school. In 1904 he was appointed president of Tulane university at New Orleans, Louisiana. He remained at this post for eight years, when he accepted the presidency of the University of Montana. Dr. Craighead was a fellow of the American Association for the Advancement of Science, and a member of the board of trustees of the Carnegie Foundation for the Advancement of Teaching, having been one of the

original 25 trustees chosen by Mr. Carnegie. Dr. Craighead devoted over 33 years to the cause of education.

Mary Shea, Mary McBride, Gertrude Conway and Mildred Gorman were dinner guests of Margaret Sullivan and Margaret Mullane at Craig hall Wednesday evening.

PEEK-A-BOO!

Television, an invention which will make it possible to view events as they happen thousands of miles away, is a probability for the immediate future, and is predicted by Professor J. T. Tykociner of the University of Illinois. That television can actually transmit distant scenes in much the same manner as radio does sounds has already been proved, according to Professor Tykociner. Only time and money are needed to perfect the device.

ATTENTION, HELEN MONROE

Awarding free meal tickets to students has proved a successful innovation, according to Frank L. Woods,

manager of the A. S. U. C. cafeteria. The checks received by the purchasers are placed in a box with the students' names and addresses on the back. Every two weeks the box is taken down and two tickets are drawn, both winning a free meal ticket. The box is placed at the entrance to the cafeteria.

SHADES OF METHUSALAH!

A fossil of a tree more than 1,000,000 years old was presented to Carnegie Tech by the Consumers' Mining company.

HELP!

The women at the University of California are complaining about the shortage of male escorts, and five of them have made application to the university authorities asking help be given to supply the women with company.

Three women who refused to comply with the new regulation of the Adventist college at Walla Walla, Washington, which fixes the height of skirts at 12 inches from the floor, were sent home and told to lengthen their dresses.

CLIMAX, PLEASE

Insects chew tobacco and like it. This fact has been found to be true by the division of chemistry of the state department of agriculture. The tobacco beetle is one of the numerous insects addicted to this habit. This little hard-shelled insect causes the tobacco manufacturers much grief by eating their tobacco. However, if a soft-bodied insect is bathed in tobacco juice he absorbs enough nicotine to paralyze and kill him. As a result, tobacco sprays are being used by California farmers to rid their fields of these destructive insects.

Chinese Engineering

A university course for laundry workers is being considered at the University of Washington.

Only thirty-five per cent of the men examined at Syracuse University were found to be physically fit, according to statistics given out by the school.

Honk! Honk!

A contribution of \$200 to the museum of zoology of the University of Oklahoma to help buy a truck for field work in collecting specimens, has been made by Dr. Howard A. Kelly of Baltimore, it was announced last week by Dr. A. I. Ortenburger, assistant professor of zoology and curator of the museum. Doctor Kelly is on the staff of Johns Hopkins University and is one of the foremost specialists on surgery of cancer, and is also an excellent micrologist and herpetologist, according to Doctor Ortenburger. He became acquainted with the museum through the herpetological work of Doctor Ortenburger.

During 1925 the agricultural experiment station of the University of Missouri published 49 bulletins giving the results of investigations conducted by the experiment station.

Economics students of Northwestern university who have an "A" or "B" average are allowed to take the final examination orally if they wish to do so.

Kappa Tau Psi, interdenominational religious fraternity at Oklahoma A. & M. College, is to be nationalized.

Frances Pahl, '29, of Twin Bridges, was a patient in the North hall sick-room Monday and Tuesday of this week.

NOTICES

Health Service refund checks are out, and students must call for their money not later than April 30. Any checks not claimed by the students at that date will revert to the general fund of the Health Service.

Fight Montana

There is an old saying, "Curiosity Killed the Cat," but if you are interested enough to turn this upside down and read it— it will show that you are interested in, and read, Kaimin advertisements.

MONTANA NEEDS YOUR SUPPORT

Pep up the spirit and give all you can from the sidelines. It is all bunk that half the game is won from the bleachers—moral support never hurt any team, but lack of moral support has lost many close games.

Just as you can do your bit towards helping the team win a victory you can help *The Kaimin* by reading *Kaimin* ads and indexing the names of those who advertise in your publication for reference in time of need.

Fight for Montana!

MONTANA SLATED TO BATTLE W.S.C. FOR TRACK HONORS

Grizzlies Closely Matched by Cougar Athletes; Idaho Rated Next

Washington State college, with 10 point winners from last year's team, will battle Montana for first honors in the quadrangular track meet scheduled for Saturday afternoon at the Gonzaga athletic field in Spokane. Idaho's revamped team under the leadership of Coach Philbrick, temporary track mentor, is expected to place third, while Gonzaga, minus Ingram and several other stars, is picked to trail.

Grizzlies Leave for Meet
Coach J. W. Stewart and a squad of 17 men left this morning for Spokane. They will return Sunday morning on the 7:40 train. Included in the group making the trip are: Captain Ritter, Sweet, Coyle, Stark, R. Davis, Adams, E. Blumenthal, Tysel, Gillette, K. Davis, Williams, Martin, Spaulding, Miller, A. Blumenthal, Bessey and Pearce.

When George Martin, sophomore, ran the two-mile Tuesday afternoon in 10 minutes 2-5 seconds, Montana's stock took an upward turn. While Martin is not expected to push Johnny Divine, W.S.C. national intercollegiate champion, he should place.

The decision to take A. Blumenthal should give the Grizzlies several points in the shot-put, with an outside chance of winning a place in the discus throw.

Gillette Favored
Arnold Gillette and Divine will clash in the mile event, with the odds favoring the Montana runner. Sweet will find his hardest opposition in Jacobs, W.S.C. flash, in the 100 and 220 dashes. Jacobs has been clocked in 10 flat in the century. Coyle should place in both these events and is likely to win points in the low hurdles.

Meyers (W.S.C.), Ritter and Adams are picked to fight for the pole in the 440-yard dash, while Tysel and E. Blumenthal are doped to place in the half-mile. Montana should win points in the pole vault and Sweet is likely to capture places in both the high and broad jump. W.S.C. and Idaho are considered strong in the weight events, while Montana outclasses the field on the cinders.

Coach Bohler has been very secretive this spring and W.S.C. times and distances have been hard to get. But the Cougars are considered to have a stronger team than last year, when they placed high in conference standings. Idaho followers are very optimistic about the success of the Vandals and anticipate a banner year.

Coach Philbrick, new Idaho mentor, was one of the outstanding track athletes of his time. He has the backing of the student body and is expected to enter a strong squad.

Following are the probable entries for Saturday's meet:

100-yard dash—Sweet, Coyle, Montana; Jacobs, W.S.C.; Thompson, Perrin, Idaho; Fraser, Gonzaga.

220-yard dash—Sweet, Stark, Coyle, Montana; Jacobs, W.S.C.; Thompson, Perrin, Idaho; Fraser, Gonzaga.

440-yard dash—Ritter, Adams, R. Davis, Montana; Meyers, W.S.C.; Mitchell, Idaho; McKenzie, Gray, Gonzaga.

Half-mile run—Tysel, E. Blumenthal, Montana; Phillips, Williams, W.S.C.; McKenzie, Gonzaga.

Mile run—Gillette, Davis, Montana; Divine, Williams, W.S.C.; Cleaver, Idaho.

Two-mile run—Williams, Martin, Montana; Divine, W.S.C.; Mathews, Cleaver, Idaho.

Low hurdles—Coyle, Spaulding, Montana; Meyers, W.S.C.; Thompson, Heutner, Idaho; Fraser, Gonzaga.

High hurdles—Spaulding, Montana; Elcock, Slipper, W.S.C.; Canine, Heutner, Idaho; Fraser, Dussault, Gonzaga.

Pole vault—Coulter, Miller, Montana; Moss, Mann, W.S.C.; Nedroe, Nelson, Idaho; Dussault, Gonzaga.

High jump—Sweet, Miller, Montana; Hoyer, Elcock, Burpee, W.S.C.; Wagner, Idaho; Dussault, Gonzaga.

Broad jump—Sweet, Miller, Montana; Jacobs, Gannon, W.S.C.; Wagner, Thompson, Nelson, Idaho.

Shot-put—A. Blumenthal, Montana; Smith, Hanson, Davis, W.S.C.; Pickett, Idaho.

Discus throw—A. Blumenthal, Montana; Smith, Hanson, Davis, W.S.C.; Pickett, Idaho.

Javelin throw—Pearce, Bessey, Montana; Spidel, W.S.C.; Pickett, Townner, Idaho.

NURMI

Office Hound Dashes Mile in Four Days

Nurmi, Finland's flying phantom, can well look to his laurels, for an Olympic mile has been discovered in no other place than J. B.'s business office—once Harry Stuber running Thursday evening equaled Nurmi's standing international record, at least one quarter of it, and timed by no other official than Harry Adams.

Stuber's appearance for the first time in his life garbed in a track suit was to win a bag of gold, donated by men of South hall, who were over-anxious to wager any sum that a man holding down an office chair for 10 hours, seven times a week, four weeks a month, twelve months a year, and smoking two packages of Lucky Strikes a day, could not run a mile in a week.

The Olympic star's exhibition in running the first quarter in 62 and two-fifths seconds, easily one-fourth of Nurmi's time for the mile of 4.10, was a complete surprise to the grandstand, officials, and donors of the bag of gold. The last are planning to dope the runner, feed him four packages of Luckies instead of two and keep him dated up for the week, in order to save their money, for unlike Nurmi, Stuber runs his mile in quarter laps, one each day.

SOPHOMORES PLAN PICNIC ACCORDING TO HODGES

"Some time after track meet" is the tentative date set for the sophomore picnic, it was decided at the meeting of the class held Wednesday, April 19.

"As there were so few members of the class at the meeting, I will appoint committees to decide all details of the picnic, and these committees will be published soon," said Ted Hodges, president.

Emma Quast, ex '27, of Corvallis, recently underwent an operation for appendicitis at Hamilton.

Harold Buddenhagen, ex '26, of Havre, is attending Stanford university.

VARSITY TRIMS FORT IN SECOND CONTEST

Doc Brewer, Sophomore Hurler, Chucks Shut-Out Ball Against Khaki Invaders

Extra-base blows combined with heady teamwork and tight chugging gave the Varsity a 12-2 triumph over Fort Missoula Wednesday afternoon. "Doc" Brewer, a sophomore recruit pitching his first Grizzly ball, didn't allow a safety in his four frames, and Jimmy O'Connor, another bespectacled moundsman, let the soldiers down with a pair of singles in the remaining three cantos.

Illman and Berg slammed the opening homers of the Grizzly season, and Kelly potted a terrific three-bagger. Doc Schreiber's gang looked tremendously improved offensively, gathering 10 safe clouts, less than they got in the first practice game with the fort, but they were cleaner and for more sacks.

Fort on Defense
Hiram Jones of the fort mixed his slow curve ball with a fast one quite effectively until the fourth when the Grizzly barrage opened, netting six tallies. Keough and Leger were also unable to check the attack in the two following innings.

If the khaki clad boys can get their diamond in shape by Saturday, the Grizzlies will tackle them on their own battle ground. Otherwise the two nines will clash on the Varsity diamond again.

GLEE CLUBS PLAN JOINT PROGRAM FOR THURSDAY

Next Thursday night a program will be given by the men's and women's glee clubs. There will be work by the individual clubs, and several selections by the two clubs together. Some of the numbers by both clubs will be: "The Soldiers' Chorus," from Faust; "Legend of the Chimes," from Robin Hood; "The Lost Chord," Sullivan, and some choruses from light opera.

BIOLOGISTS GIVE PICNIC

Juniors and seniors in the Biology department, accompanied by Dr. and Mrs. M. J. Elrod and Dr. Young, went to Orr's park Wednesday evening for a picnic. There were more than 20 in the party. Betty Custer and Elizabeth Kilroy had charge of the arrangements for the picnic.

SPORTY-VENTS

Coach Stewart's state record slaughterers are off for the quadrangular meet at Spokane tomorrow. They may not find it easy to cop the affair, but everything points to a Montana triumph. The declaration of Al Blumenthal's eligibility has eased some of the worry over weakness in the weights. And then our two-milers, Williams and Martin, may spring a clever little surprise.

How many men will we send to Chicago this coming June? The fifth annual National Collegiate Athletic association's track and field meet will be held in Chicago again on Saturday, June 12. Preliminary races will be run Friday.

Last year 51 colleges and universities competed in this meet to determine the individual championships of the colleges and universities in the United States in each of the following events: 100-yard dash, 220-yard dash; quarter mile, half mile, mile, two mile, 120-yard high hurdles, 220-yard low hurdles, hammer, javelin, high jump, broad jump, discus and pole vault.

This meet is worthily called the "American Collegiate Olympic." When we remember that with two men, Sweet and Gillette, we took fourth place last year our interest this spring should rise to even greater heights than it did last June.

Idaho and Gonzaga have tangled in two major ball games, the Vandals grabbing both, the first 7-2 and the next 10-6. In the opener Erickson whiffed 13 Bulldogs and allowed only five hits. Beware Grizzlies! Flashery tossed against the Idaho portside and registered only three strikeouts, giving nine safeties. The batteries in the second tile were: Idaho—Field and Sullivan; Gonzaga—Luce, Benoit and Albers and Luce.

An error was made in the last Kaimin when Gillette's time made in the mile Thursday before the interclass meet was given as 4 minutes 16 seconds. He did, however, traverse the distance in a trifle better than the conference's record time of 4 minutes 24 3-5 seconds.

J. B. of the business office will have to confine his "searching" to prospective candidates for one of the jobs in his office, if one of his present workers continues to scintillate on the cinders. The rest of the dope on this may be found in a feature story elsewhere in this issue.

Our girl thinks that the term southpaw has some connection with right and left paws of the Bear Paw organization.

To any of you who think the life of a Grizzly trackster is a snap, listen to this: Tomorrow they will put everything they've got into the meet with W.S.C., Idaho and Gonzaga; a week later the strenuous relay carnival comes off at Seattle; May 8 Idaho appears here for a dual clash; one week from that the boys will go to Palo Alto for the conference meet; and on their way home they may stage a dual meet with W.S.C. It is probable that the state intercollegiate meet will be held the latter part of May.

What Treasure State High School Athletes Are Doing

Darby high school held its interclass track meet Friday afternoon, and a number of good records were made. The best times and distances were: 50-yard dash—6 seconds. 100-yard dash—11 1-5 seconds. Broad jump—17 feet 4 inches. Pole vault—9 feet 9 inches. Mile run—5 minutes 5 seconds.

Dillon high school also staged its interclass track meet last week with Tom Clemow high individual scorer with 32½ points to his credit. He won six first places and a third. Some of the best times and distances made were: 100-yard dash—11 seconds. 220-yard dash—25.6 seconds. High jump—5 feet 4 inches. Shot put—35 feet 5 inches. Amos Wright, football, baseball and track star, was awarded the Gunderson cup given by Coach Gunderson for the first string athlete making the best grades.

Have a number of men out for track. Norris Kravik is out for the 440-yard dash. Others out include Gerhart Kravik and William Herron.

Big Timber has started work for its annual spring track meet. A district meet is held at Big Timber each year with invitations being sent out to Billings, Livingston, Bozeman, Columbus, Manhattan, and a number of other schools.

With fine spring weather, Butte's track men are working hard on the cinders. Captain Sam Georgevick, who won 10 points at the Interscholastic last year, is going good. Bond, Robinson and Delavin Davis are out for the middle distances. Willie Inhret is a bright prospect in the running events. Seatriz, a little Filipino boy, is out; he is fast and willing. Butte is seeking dual meets with other schools so as to give the men experience before the big meet in Missoula.

Butte Central has only a few men out. "Wop" Harrington, a point winner in last year's Interscholastic, is back, and it is around him that most hopes will be pinned.

Cadet Major R. P. Rea, past captain of Scabard and Blade, will leave Saturday for Baton Rouge, La., where he will attend the national convention.

Marjorie "Honey" MacRae, ex '26, is attending the University of California, Southern Branch, and was recently initiated into Phi Beta, a national music sorority.
